Project

Portfolio Website Overview

A fully responsive personal portfolio website built using HTML, CSS, and JavaScript to showcase my front-end development and design skills.
It features projects like a Netflix Clone, Graphic Design Portfolio, and Login Form, highlighting creativity and technical ability.
Designed with a modern UI, smooth animations, and optimized layouts for all devices.

Key Points:

- **Responsive layout with smooth transitions and clean UI.**

- **Organized sections for Home, About, Projects, Skills, and Contact.**

- **Optimized for performance and accessibility.**

- **Demonstrates strong understanding of design principles and responsive web development.**

- **Project Link : https://afran9527.github.io/Afran_kazi/**

Certifications

- Graphic Designing
- Web Designing
